

Adding LiveFromYou® to Your MySpace® Profile

LiveFromYou is a mobile and web product from GoTV that enables you to share the stories of your life in pictures, videos and words with friends and family on your MySpace page.

LiveFromYou is the personal social media product that automatically organizes your pictures, videos, and other media for easy and instant sharing on your social network page.

LiveFromYou organizes your media, whether it is currently present on your MySpace page or ready to upload from its current location on your desktop PC, digital camera or mobile phone. Your media is automatically presented in chronological order individually or grouped in albums on the innovative and easily scanned LiveFromYou timeline. When geo-code data is present, the media items or albums are also viewable on a map. Your friends and family can share your life experiences in pictures, videos, text and audio when and where they occurred.

LiveFromYou also provides security and privacy benefits by sharing your media only with the friends you allow to see your social network page.

I. Adding the *LiveFromYou* application to your MySpace® account

To add LiveFromYou application to your MySpace account:

1. Login to your MySpace account.

Point your browser to

<http://profile.myspace.com/index.cfm?fuseaction=user.viewProfile&friendID=44502322>

[5](#), or

Search for LiveFromYou click on “more info” to view product detail page, **or**

Browse the “App Categories” - “Photos”

4. If you have already created an account at www.LiveFromYou.com or on your mobile phone, you can login by entering your "Username" and "Password" in their respective text entry fields and clicking "Login". This login establishes a connection between your LiveFromYou and MySpace accounts.

IMPORTANT NOTE: This login can and should be used with all of your other LiveFromYou applications like MySpace, iPhone, on www.livefromyou.com and others.

If you don't have a LiveFromYou account, you will create one on this page. Username, First name, Last name, Email address, Password and Password confirmation are all required fields in account setup.

You must also check the box to confirm that you are older than 18 years of age.

You have now created your LiveFromYou account and are ready to use the application.
